The New York democrats have indorsed Cleveland, and his renomination is now a foregone conclusion. The president seems to have trimmed his sails so as to secure the united endorsement of his party. It is another question if his sails will catch the breeze of popular endorsement next November.

The promptness with which the citizens of Colorado Springs responded to the wants of the Fountain sufferers is very gratifying and has called forth many favorable expressions throughout the state. That the generosity of our citizens has been appreciated is shown by the dispatch which Mr. Ehrich received yesterday.

The republican national convention will meet in about a month. Any estimate of the strength of the various candidates is mere guess work; but it is almost an assured fact that there is a widespread desire in the party to see the best man nominated. If this is done the party will present a united front and victory will be reasonably certain.

C. C. Davis made a gallant fight against the election of Donaldson as a delegate to Chicago but inasmuch as Mr. Donaldson had the endorsement of the delegation from Lake, no other course was open to the convention but to send him. It is, however, a little strange that in Lake county new men, who have been here only a year or two, are put forward for high representative positions. This was true of the candidacy of Thompson to congress in 1890, and of Ernest Campbell for governor, in 1892.

General business throughout the country still continues good, as the following from the St. Louis Globe-Democrat would show: "The gross earnings of 106 railroads of the country during April show an increase of $712,200 over the same month last year. This is all the more encouraging from the fact that April, 1887, with which it is compared, was a month of very heavy receipts, the gain over April, 1886, being $3,398,000. April this year contained one more Sunday, and consequently one less working day than the same month in 1887. The exhibit of railroad earnings shows that notwithstanding the falling off in the iron trade and in one or two other great industries, general business throughout the country is not far below the level of a year ago.

The president has vetoed the bill providing for the erection of a government building at Allentown, Pennsylvania. The district in which Allentown is situated is represented by Congressman Lowden, one of Mr. Randall's strongest allies and an opponent of the Mills bill. The vetoing of the bill is said to have been actuated entirely by personal motives. The president has not only appeared desirous of depriving Mr. Randall of his political influence in Pennsylvania by appointing his opponents to public offices, but he has extended the warfare to his friends. Behind the vetoing of the Allentown bill the cunning hand of Congressman Scott can be plainly seen. That gentleman's hatred and jealousy on the Mills bill has raised him to the rank of a political dictator, which position he is trying hard to fill.

The only serious charge Judge Belford brought against the Hon. E. O. Wolcott was that he did not support the republican candidate for governor in 1892. If this charge is true, it is only proof of another service which Mr. Wolcott has performed for the republican party. If Mr. Campbell had been elected, the republican party would have received a blow that it could not yet have recovered from. Mr. Campbell, in December of the year that he was a candidate, was proven a defaulter in the bank of which he was president. There was scandal enough about his nomination and in his campaign; but with the additional fact that he was a defaulter or, in other words, had been systematically stealing the money that the depositors had put in his hands, the republican party would have suffered a disgrace which it would have been difficult to wipe out. A good many good republicans felt under obligations to support the state ticket that fall, but the party was profoundly glad, two months after the campaign was over, that J. B. Grant, and not Ernest Campbell, was elected governor. Since the December of the year in which he was candidate for governor he has been compelled to live in California. It would have been quite awkward to have had him take his oath of office as governor of Colorado in California and transact the state business there.

STATE NEWS.

Greeley is thinking of having a woolen mill.

The great Metropole hotel project at Denver has fallen through.

The Colorado editors are meeting with a continued round of ovations in Texas.

Much interest is manifested in the contest over the will of Frank Shelton, which is now [illegible] at Pueblo.

It is now stated that the Rock Island railroad will build its line from Colby, Kas., direct, the traffic agreement with the Union Pacific railroad having been dissolved.

Mills' Proposition.

WASHINGTON, May 16.—There is much consultation among republican members of the house upon the proposition by Mills last week that the house shall vote upon the Mills bill and substitute to be offered by the republicans directly upon the close of general debate this week, and without consideration of amendments. Up to this point no sort of an agreement has been reached by republicans, and there appears to be a wide difference of opinion upon this subject. Mills says he made the offer to save the bill from being drawn into the whirlpool of a five minute debate, which might hold it in its grasp indefinitely. He is confident his party can be held together on the principles under which the bill was constructed, and all its vital features can be preserved, although amendments of minor importance about which he cares little may be made. It appears that his proposition to take a test vote without consideration of amendments was made by the democrats as a condition to granting an extension of the general debate. At the time the republican members of the ways and means committee declined to give an immediate answer, but took it under consideration. Mills expects the offer to be rejected, but it may be noted that the proposition is acceptable to a considerable number of republicans.

Denver & Santa Fe Election.

DENVER, May 16.—At the annual meeting of the Denver & Santa Fe railroad, held here this morning, the following directors were elected: W. H. Strong, L. T. Burr, E. P. Chesbro, A. W. Nickerson, of Boston, C. C. Welch, of Golden, E. F. Bishop, T. C. Henry, Charles L. McIntosh, C. B. Romaine, Donald Fletcher, Phillip Feldhauser, R. W. Woodbury, of Denver; B. F. Crowell, of Colorado Springs.

Methodist Conference.

NEW YORK, May 16.—A motion was made in the Methodist conference this morning providing that hereafter it shall require a two-thirds vote to constitute an election of bishop. After considerable debate the motion was carried by a vote of 201 to 131. Memorial services were the order of the day. They were conducted by Bishop Bowman.

Fatal Boiler Explosion.

CHARLESTON, W. Va., May 16.—The Elk river packet, Henry, exploded her boiler at Blue Creek shoals last evening, killing the fireman, Lewis Kelly, and fatally wounding the engineer, Milt Hudnal, and Pilot Morg Shoemaker. Three others received slight injuries.

Gen. Boulanger has completed his tour and returned to Paris. A crowd met him at the depot and followed him to his hotel, uttering mingled cries of "Vive Boulanger" and "A bas Boulanger."

Harry Benson, the Parti ticket swindler, awaiting extradition to Mexico, last night committed suicide at the Ludlow street jail in New York by jumping from the second tier to the ground.

In the United States circuit court at New York yesterday Judge Wallace rendered an important decision in favor of Defendants in two suits for infringement of patent brought by Thos. Edison against the United States Electric Light company.

REV. THOMAS B. NEELY.

A Bishop Delegate to the Big Methodist Conference.

[Special Correspondence.]

NEW YORK, May 10. During the first day's session of the Methodist general conference now being held at the Metropolitan opera house, in this city, a pleasing man of intellectual appearance arose suddenly from his seat in the front part of the house and joined in the debate then in progress. It became at once apparent that he was a man of force in a deliberative body.

REV. THOS. B. NEELY.

Standing with his face turned toward the east auditorium, which was packed with delegates and visitors from parquet to gallery, he spoke in a clear voice which could be heard by all. His manner was earnest, his sentences terse and his logic strong. In everything he did, he showed the tact and knowledge of a trained parliamentarian. When after speaking he resumed his seat, several older men seated near him leaned forward and conferred with him in an eager manner. He seemed to be the leader of the little group, and indeed he was.

Philadelphians would recognize in this man Dr. Thomas B. Neely. In years he is about 47, but his brown hair and beard, untouched by a single streak of gray, makes him appear much younger.

During the twenty-three years of his ministerial life he has been in the Philadelphia annual conference. He is regarded as an eloquent preacher and an able writer. He has written a work on parliamentary law, and is also the author of several books in regard to the training of young people in the churches. His latest work, which has just been issued, is entitled "The Evolution of Episcopacy and Organic Methodism."

Dr. Neely's first appearance in a general conference was in 1872 at Philadelphia. He gave such a good account of himself at that time that he was made the chairman of the Philadelphia delegates to the present conference. Dr. Neely has delivered courses of lectures on popular subjects at Chautauquas and similar places, and has also lectured upon parliamentary law. His name has been mentioned as a candidate for a bishopric.

An inquisition holden at Colorado Springs, in the county of El Paso and State of Colorado, on the 16th day of May, 1888, before Isaac Davis, coroner of said county, upon the bodies of [illegible] H W Hutchins and a man [illegible] unknown, there lying dead, by the oaths of whose names are hereto subscribed, jurors upon their oaths do say that the said persons came to their deaths by an explosion of naphtha and other [illegible] two Atchison, Topeka & Santa Fe railroad cars at the town of Fountain on the 14th day of May, 1888. The explosion was caused by five freight cars on the Atchison, Topeka & Santa Fe railroad getting away from Colorado Springs and running wild to the town of Fountain and coming into collision with a passenger train. We find that the railroad employes took the usual precautions to prevent the cars from starting by setting the brakes, but that they were left loose in some manner to the jury unknown.

In testimony whereof the said jurors have hereunto set their hands the day and year aforesaid.

WILL D. MERRITT,

A. E. MITCHELL,

The funeral of Mr. H. W. Hutchins took place yesterday morning at the Methodist church at Fountain. The building was crowded to its fullest capacity by the friends and neighbors of the deceased who had come to pay their final respects to his memory. The services, which were of a very impressive character, were conducted by the Rev. Mr. Stamp, pastor of the church. The remains were interred in the little cemetery south of the village.

Mrs. Widrig was still alive at 4 o'clock [illegible] vitality which she has manifested is a matter of surprise to her physicians. The chances for her recovery are very doubtful.

Yesterday morning Mrs. L. Parker received the following telegram from Fountain:

Mr. L. R. Parker, President of the Board of Trade:

Allow us to thank you and your good people for the tents you sent and other necessary things. Our people feel a great obligation. F. H. ROSS,
J. C. DESNY,
J. W. PATTON,
W. M. DOUGLAS,

Relief Committee.

Captain De Coursey, of the local relief committee, visited Fountain yesterday morning. He found the sufferers being comfortably cared for and Dr. D. E. Moore unflagging in his attentions to their wants. On investigation he learned that there were only three good chimneys in the town and that the facilities for baking bread were very limited. He ordered some loaves, bread and fruit, which will be on hand to-day. He also ordered some medical supplies of which Dr. Moore was badly in need. On his return to the city Captain De Coursey made arrangements for sending three barrels of bread to the village daily for a week. He stated that there are several persons in the city who have lost most if not all of their worldly accumulations, and that the aid extended by the citizens of Colorado Springs would prove very timely.

The following additional subscriptions to the Fountain relief fund were received yesterday by the committee:

Col. Wm. F. [illegible] Forrest	$ 25 00
Harry Jackson	10 00
Sheffield Phipps	5 00
Cash	5 00
Walter F. Stearns	5 00
Mrs. C. L. Decker	5 00
[illegible]	10 00
[illegible]	2 00
[illegible]	2 00
[illegible]	2 00
Amount previously reported	2,500 00
Grand Total	$2,575 00

The San Francisco Report made the following comment on the appearance of Mrs. James Brown Potter in Dudley:

The Report would like to say a word to the public about Mrs. James Brown Potter, an American lady who is at present acting on the stage of the Baldwin theater. Fortunately for us, we have only pleasant to say about Mrs. Potter and only what is complimentary about the public, and as Mrs. Potter will go away at the end of this week, even those who are not acquainted with the Report's usual course of conduct will hardly accuse us of any mercenary motives in our remarks.

It is very cool table in San Francisco that it has received Mrs. Potter so well and appreciated her as much as it has. She is pretty and well dressed woman. The [illegible] part of the play has also [illegible] her reputation for [illegible] and for causing [illegible] the first [illegible] that [illegible] by the [illegible] and coarse comment, not to say [illegible] she has received from a [illegible] the Osbornites.

THE GAZETTE.

THURSDAY, MAY 17, 1888.

County court has adjourned until Saturday morning.

Col. and Mrs. O. W. Kittridge of Four Mile are in the city.

Postmaster Duffy of Monument was in the city yesterday.

Hereafter no spectators will be allowed at the "Pinafore" rehearsals.

Mr. Z. McNew has filed a plat of the McNew ditch with the county clerk.

There are a couple of live water dogs on exhibition at The Midland cigar store.

Mrs. James Brown Potter in the "Lady of Lyons" at the opera house this evening.

Mr. W. J. Duffy, advance agent of Lizzie Evans, called at the GAZETTE office last evening.

Mr. C. A. Lansing, who has the agency of the Midland coal, has put in a telephone at his office.

Mr. J. P. Smith, city editor of the Dallas Daily Times-Herald, called at the GAZETTE office yesterday.

A Merchants' Protective association has been organized at Colorado City with J. H. Mathers president.

Miss Lizzie Evans, a popular soubrette, will appear at the opera house next Monday evening in "Out Angel."

The school census of the Colorado City district gives a school population of 233. The population last year was 166.

There are undelivered telegrams at the Western Union telegraph office for Frank Debrez, Geo. De la Vergne and James Donovan.

The Colwell Hose company lost a white crow bar at the fire on Monday morning, which they wish returned to the engine house.

There will be a regular meeting of the board of trade to-morrow evening to discuss the Manitou road, the viaduct and the proposed canal.

Tickets will be sold to Denver and return for one fare the round trip at the Santa Fe depot during the Denver races and the democratic convention.

There will be a stated conclave of Pike's Peak Commandery this evening at half past seven o'clock. All sir knights are invited. A. Matthews, recorder.

Dr. Culver wishes us to correct the statement made in another paper last evening that he had his arm dislocated yesterday morning. He said that he was not hurt.

A regular meeting of Pike's Peak lodge No. 38 I. O. O. F. will be held this evening, commencing at 8 o'clock. Full attendance is desired. All visiting brothers cordially invited.

A woman was on trial yesterday before Justice of the Peace Shideler for the larceny of some jewelry and underclothing from the place where she had been working as laundress.

Mr. George H. Abbott, at one time connected with the Leadville Herald, and a former resident of this city, died near Pueblo on Monday. At the time of his death he was editor of The Provo (Utah) American. His body will be interred at his former home in Muscatine, Iowa.

At a meeting of the Jackson Hose company last evening an elegant set of silver mounted carvers and a cut glass fruit dish were presented to Pat Wallace Fowler by the members of the company. A neat presentation speech was made by Mr. D. C. Goddard, to which Dr. Fowler made a fitting response.

Manager Nye has arranged with Prof. Fagan to deliver another series of his delightful illustrated lectures in the opera house. The course will consist of three lectures on the following dates: May 24th and 25th and June 6th. The subjects will be "Venice, Milan and the Italian Lakes," "Michael Angelo," and The Yosemite and the Yellowstone. The price of tickets for the course will be one dollar and fifty cents.

Last evening Mrs. O. Metcalf, assisted by her daughters, Miss Agnes and Miss Edith Metcalf, informally entertained the members of the Grace Church reading room, Bible class and a few others, in the music rooms of her residence on North Nevada avenue. Refreshments were served and the time was principally devoted to music. A large number of chorus songs were joined in by the guests generally, but the principal enjoyment of the evening was due to Mrs. George E Merrill, whose singing needs no comment, to Miss M. Ehrlicher, a talented and finished pianist, and to the banjo duets of the Misses Metcalf and the zither solos of Mr. A. R. Ballou. The occasion was particularly pleasant to all.

The game of base ball on the Athletic grounds to-morrow afternoon will be the closest and most exciting one that has yet been played here this season. The Denver nine is one of the strongest amateur teams in the state and has not lost a game this season. The home club have made up their minds to give them their first defeat and are practicing daily with that end in view. The club showed up well in practice yesterday afternoon and are now working well together, showing a marked improvement over their playing last Friday, though their playing then was well up to the standard. DeWitt has entirely recovered from his lameness, which interfered with his playing somewhat, and is now in fine shape as are all the other players. Advices from Denver indicate that quite a number of the lovers of the game from that city will witness the contest. The positions of the two teams will be announced to-morrow morning.

STRANGERS, and others not posted in our Real Estate Market, often ask the question, "Where can I best invest my money to be sure of Quick and Profitable returns?"

1st. I would say, select a boat to suit you and go up the [illegible] SUNDAY and look over the GRAND MOUNTAIN SCENERY, etc.

2nd. See that you locate where you can enjoy the best WATER ADVANTAGES in our City and Suburbs. A home without water in this country is a desert and when I say BEST WATER ADVANTAGES I mean not only for irrigating purposes, which is very important but also for all DOMESTIC PURPOSES. Our water supply at present is limited, and unless greatly increased the [illegible] of but [illegible] every drop will be needed inside of present city limits.

3rd. Do not locate where lots are too low in price for a few years, LOTS being too [illegible] of HOUSES and a PALACE surrounded by shanties will never sell for half its value. Better [illegible] and locate where that will increase in value.

4th. Dont wait until the "Rock Island" comes in but then pay 10 per cent more than present prices.

The Granger Land and Town Co.

Now Offers For Sale the Entire

Town Site of Granger,

EL PASO COUNTY, COLORADO.

GRANGER is situated on the line of the Denver, Texas & Gulf R. R., about 18 miles northeast of Colorado Springs, in the center of the best Agricultural District in Colorado. The rainfall is sufficient to perfect good crops, and irrigation is entirely unnecessary. All the available land within a radius of twenty five miles has been taken up by bona fide settlers, and improvements are rapidly being made on all the occupied land.

Granger has one of the best Town Sites in the State. It commands an extended view in every direction. The site is almost perfectly level, with a slight fall to the southeast. **Water is obtainable within 10 feet of the surface on the entire Town Site.** The streets are all 80 feet in width, and the lots are all 50x150, excepting the business lots, which are 25x150 feet. The town lies on both sides of the railroad. **The Surveyed Line of THE CHICAGO AND ROCK ISLAND RAILROAD Runs Parallel with that of the DENVER, TEXAS & GULF RAILROAD through the Center of the Town, and forms a Junction with the latter at this point, and will be the Construction Headquarters of Rock Island Extension in Colorado.** Granger is destined to become an important town in the near future by reason of its location. It is an Objective Point on the lines of all the Railroads now heading for the Rocky Mountains, and also from the fact that it is located in a Rich and Fertile Region, where good water is reached at a shallow depth. It is an important Shipping point on the D. T. & G. R. R. for a large section of country. In the matter of business handled Granger ranks third on the line of the road.

The lots will be sold on the popular Allotment Plan, as follows:

PRICE: $25.00 Each.

The drawing for location, due notice of which will be given, will occur not later than June 1st next, and will be conducted by a competent committee selected by the certificate holders. The company will include in the drawing every alternate lot in the entire town site as platted, beginning with lot 1 in each block, reserving only numbers 1, 2, 3, 4, 5, 6, 18 and 15 in block 1; number 12 in block 2; numbers 1, 21 and 22 in block 11; numbers 17, 18 and 22 in block 13; numbers 10 and 16 in block 21; number 19 in block 22; number 17 in block 34; numbers 1, 2 and 3 in block 41, and block 23.

All these lots have been sold and deeded. The object in reserving thus each alternate lot throughout the entire plat, and selling the other at the low price of $25, when there is not a lot in the entire site but what is well worth $100 (some of the reserved lots above mentioned have been sold at this figure), is to enhance the value of property reserved by inducing the purchasers to build and improve over the entire plat. After the drawing prices will be advanced on lots reserved. Lots will be for sale for only a limited time at the following places:
